**Topic / Issue:** How To : Reset Device Configuration to defaults- IP505DV

---

**Written By:** Scott Young

---

To Clear All Data and restore the factory default values:

1. Power Off.
2. Hold the Reset Button down while you Power On.
3. Keep holding the Reset Button for a few seconds, until the RED LED has flashed TWICE.
4. Release the Reset Button. The Broadband Router is now reset to the factory default values.
