Topic / Issue: How To : Reset Device Configuration to defaults- IP515LM

Written By: Scott Young

To Clear All Data and restore the factory default values:

1. Power Off.
2. Hold the Reset Button down while you Power On.
3. Keep holding the Reset Button for a few seconds, until the RED LED has flashed TWICE.
4. Release the Reset Button. The Broadband Router is now reset to the factory default values.
