Topic / Issue: How to reset WDS2454AP to default configuration

Written By: Scott Young

To Clear All Data and restore the factory default values:

Hold the reset button on the back of the unit for 10 seconds.

Device will now be back to default configuration.

Default Settings:

IP Address: 192.168.1.100

Subnet Mask: 255.255.255.0

No username or password
