
Topic / Issue: How to reset device to default configuration- WLM2454AP-S

Written By: Scott Young

Default Configuration

To Clear All Data and restore the factory default values:

1. Power Off.
2. Hold the Reset Button down while you Power On.
3. Keep holding the Reset Button for a few seconds, until the RED LED has flashed TWICE.
4. Release the Reset Button. The Wireless Access Point/Broadband Router is now reset to the factory default values.

Default Settings
