# **2N® Helios IP Force**

2N<sup>®</sup> Helios IP Force is an extremely durable IP intercom that can withstand even the most demanding conditions. It provides for visitor communication monitoring and accesscontrol. Take advantage of its superior features for maximum site security.

Logistics and transport Offices Industrial zones Schools and campuses State administration public buildings Airport and parking

## The toughest IP intercom

It combines an anti-vandal solution with an elegant design. High durability guarantees the highest coverage on the market according to the IP69K and IK10 standards.

## Wide-angle HD camera

Monitor events around the intercom with the integrated HD camera. It has 135° wide viewing and a night vision mode.

## **Robust Access Control**

Control access using the reader, keypad, or the integrated camera and achieve a greater level of security for all those on the location.

# **2N® Helios IP Force**

#### SIP support with no server needed

SIP protocol support makes it easy to link the intercom with IP phones and PBX from other producers, without having to connect to the server.

#### Security relay

This simple additional device prevents intrusion by detecting any unauthorized manipulation of the electronic locking system.

#### **Picture to email**

0

Video stream

2N® Helios IP Force allows you to email snapshots of the visitor captured by the camera at the time of the call.

#### Integration to the security system

SECURITY RELAY

Easily link the intercom to the existing security system and increase site security.

#### Calls to mobile and tablet

2N<sup>®</sup> Helios IP Force can call a mobile phone or tablet, over the local network via wi-fi or over cellular data.

#### Integration into CCTV & VMS

LAN/WAN

6

Т

2N® Helios IP Force can easily be integrated with your existing CCTV or surveillance system.

#### **Tamper switch**

2N<sup>®</sup> Helios IP Force can be fitted with a tamper switch that detects unauthorized opening of the device itself.

#### Time profiles

IP PHONE

000

IP PBX

This function allows you to define the period of time a phone number, RFID card or access code is valid.

FEATURES & BENEFITS

Signalling protocol —		
SIP 2.0 (RFC - 3261)		RFID card reader
		RFID card reader
Buttons		Support for NFC
Button format	transparent buttons with white backlight and easily removable label	
Number of buttons	1, 2 or 4	Interfaces
Numeric keypad	Optional	Power supply
		PoE
Audio		LAN
Microphone	2 built-in microphones	
Speaker	10W	Passive switch
Sound pressure at 1 kHz		Active switch output
at 1 m distance	94 dB (10 W speaker)	
Audio stream		Supported protocols
Codecs	G.711, G.729, G.722, L16/16kHz	
Camera (optional) —		Mechanical properties
Resolution - HD camera	1280 x 960	Weight
Resolution - SD camera	640 x 480	
Viewing angle	135° (H), 109° (V)	Operating temperature
Night vision	Yes (optional)	Operating temperature
		Operating relative humidity

max. 2000 g -40°C - 55°C -40°C - 70°C 10%-95% (non-condensing) 217x109x83 mm Coverage level IP69K
