

## V2 Analog Speaker

This V2 Analog Speaker is an option for the CyberData V2 Ceiling speaker to extend the coverage area.

When connecting this V2 Analog speaker to the CyberData V2 Ceiling speaker, the total speaker wattage is the same. However, by adding this V2 analog speaker, additional coverage can be realized.

This V2 Analog speaker can be mounted with the same mounting hardware options available for the V2 IP speakers.

### Features

- Low cost 2nd speaker option for the CyberData V2 Ceiling Speaker
- Mounting hardware supplied
- Choice of colors
